INTRODUCTION

Hamid Mukhtar & Company (HMCL) was formed in 1964 by Engr. Hamid Mukhtar Ahmed as a firm of Consulting Engineers providing a variety of services to the Financial and Insurance Sector of Pakistan. It operated as a proprietorship till 1990 when it was converted to a partnership and then incorporated as a Private Limited Company on the 1st of July, 2003.

Over the last 50 years we have amassed a vast experience in a diverse set of industries including Oil & Gas, Thermal & Hydro Power, Real Estate, Telecommunication, Cement, Fertilizer, Sugar, Paper & Board, Textile, Various Assembly Plants, and Infrastructure Projects & Civil Structures. Today we are regarded as the leading service providers in our field.

SERVICES

The services offered by HMCL include the following

- Loss Adjusting & Claims Management Services.
- Asset Valuations.
- Risk Inspection & Consulting Services.
- Engg. Inspections including loading / unloading supervision.

CORPORATE VALUES

TECHNICAL CALIBRE

We take pride in the technical caliber of our team. The in house expertise supplemented by our local and international panel of associates ensures that we have the right industrial, financial and technical expertise to guide you.

INTEGRITY & SINCERITY

HMCL strives to be sincere and completely transparent to our clients. It is our duty to watch out for their interest and openly share information throughout the service delivery. Our clients can expect the integrity of our team to be flawless and of the highest order.

THOROUGH ANALYSIS

The accuracy and reliability of our results was rated the primary factor due to which our customers choose us i.e. our key success factor, as per a client survey conducted in 2012. Our team is trained to carry out in depth analysis of the information at hand and conduct sufficient due diligence to ensure highly accurate results.

OFFICES & LOCATIONS

HMCL is currently operating from 5 locations, out of which 4 are located in Pakistan. Pakistan's geographical location holds a special strategic value due to its close proximity with Central Asia, Far East, Middle East and the Sub Continent. Through our office in Saudi Arabia we can cater to Bahrain, Qatar and Northern Africa as well.

Contact details for our offices are given at the end of the company profile.

CORE TEAM

MAHMOOD AHMED

An engineer by profession and affiliated with various local and international professional bodies, Mr. Mahmood the CEO of HMCL has over 35 years of experience in the field with our 30 years at HMCL. He is the formal president of Institute of Surveyors & Loss Adjuster of Pakistan and an Associate member of the international Association of Engineering Insurers. Today he is regarded as one of the leading experts in the valuations and loss adjusting industry of South East Asia.

MANSOOR ALI KHAN

Mr. Mansoor has over 40 years of local and international experience in a ---- set of industries including Sugar, Heavy Engineering, Oil & Gas, Cement and Independent Power Plants. For the last 6 years he is leading the Karachi Branch of HMCL and has conducted various risk inspection assignments in the Far East and the subcontinent apart from Pakistan. Due to expertise he has been invited as a speaker on numerous professional seminars including one in Japan 2018.

SHEIKH ABDULLAH MASOOD

With an academic background in engineering, Mr. Abdullah Masood joined HMCL in 2011 after an illustrious career of over 35 years working at Millat Traders and then served as VP Credit & Risk at UBL for 8 years. He is currently heading our Valuation Department and leading a team of around 8 people. Additionally Mr. Abdullah teaches various Technical Engineering and Business subjects in well reputed Universities of Pakistan.

MUHAMMAD SHAYAN AHMED

Mr Shayan has roughly 7 years of experience working at HMCL. His educational background is in Manufacturing Engineering and Engineering Management from U.K. Since joining HMCL he has thoroughly studied our operations and has been the main driving force behind improving operational efficiency throughout the value chain. Additionally, he has been instrumental in expanding to new markets. He has a Certificate in Insurance from CII, has

completed the Agents Foundation Test and has been invited as a speaker on various Seminars to talk on the role of technology in the insurance sector of Pakistan.

VALUATION SERVICES

Our competency in the field of valuation services is very well established and we hold a very strong reputation in the Pakistani market. We are approved by the Pakistan's Bank Association (PBA) and have constantly been placed on all panels of the PBA since its inception. We are also licensed by the Securities and Exchange Commission of Pakistan (SECP) and follow the guidelines laid down by the State Bank of Pakistan. Additionally HMCL follows the valuation techniques and procedures laid down by the International Valuation Standards Council which is also recognized by the Royal Institute of Chartered Surveyors.

Our reports are widely accepted by all major non-life insurers and financial institutions of Pakistan. Furthermore, HMCL has recently entered into a partnership with ICTCS group of Saudi Arabia to open a branch office in that market.

COLLABORATION WITH ICTCS

Hamid Mukhtar & Company (Pvt) Ltd has recently entered into a contract with International Corporation for Trade & Contract Services (ICTCS) of Saudi Arabia, whereby both parties agree to establish an organization in Saudi Arabia to provide valuation services in that market. This would make HMCL the first Pakistani organization to open an asset valuation branch in Saudi Arabia. Once established we aim to spread to other Middle Eastern Countries such as Bahrain, Qatar and UAE.

ICTCS is a part of the El Khereiji Group, a top financial business establishment in the Kingdom of Saudi Arabia. It started its business in the 1970s and has represented some of the most renowned Insurance Groups of the world. Today it is considered a financial service power house and has built a very strong and credible reputation in that market.

Together we will strive to provide the entire Middle East with cost effective valuation services of the highest international standards.

VALUATION SERVICES OFFERED

Our organization can help our clients assess the following values for their assets including Plant, Building and Machinery.

1. Fair Market Value
2. Forced Sale Value
3. Reinstatement Value
4. New Replacement Value
5. Depreciated Market Value
6. Residual Value Calculation
